

2016 Yamhill SWCD Native Plant Sale

FEBRUARY 4th, 5th and 6th

Pre-Order Form - Due January 29, 2016

**NEW LOCATION
for the 2016 Native
Plant Sale!**

→ YAMHILL VALLEY HERITAGE CENTER: Feb 4 & 5 (9 am - 6 pm) Feb 6 (9 am - 3 pm)

QTY	ITEM #	COMMON NAME	SCIENTIFIC NAME	PLANT SIZE (AGE)	PRICE	TOTAL
CONIFEROUS TREES						
	1	Coastal Redwood	<i>Sequoia sempervirens</i>	Plugs	1.25	
	2	Douglas Fir (251)	<i>Pseudotsuga menziesii</i>	Bare Root (BR) 10" (2-0)	0.70	
	3	Giant Sequoia	<i>Sequoiadendron giganteum</i>	Band pot	1.25	
	4	Grand Fir (251)	<i>Abies grandis</i>	BR 8"+ (2-0)	1.25	
	5	Noble Fir (252)	<i>Abies procera</i>	BR 10"+ (2-0)	1.00	
	6	Pacific Yew	<i>Taxus brevifolia</i>	Band Pot	1.75	
	7	Western Hemlock (251)	<i>Tsuga heterophylla</i>	BR 12"+ (2-0)	0.70	
	8	Western Red Cedar (261)	<i>Thuja plicata</i>	BR 10"+ (2-0)	0.90	
	9	W. Valley Ponderosa Pine	<i>Pinus ponderosa</i>	BR 6-12"+ (2-0)	0.90	
DECIDUOUS TREES						
	10	Bigleaf Maple	<i>Acer macrophyllum</i>	BR 6-12"	0.90	
	11	Black Cottonwood	<i>Populus trichocarpa</i>	BR 18-24"	0.75	
	12	Cascara	<i>Rhamnus purshiana</i>	BR 18-24"	1.00	
	13	"Miller Woods" Oak Fundraiser	<i>Quercus garryana</i>	T-Pot 12-18"	5.00	
	14	Oregon Ash	<i>Fraxinus latifolia</i>	BR 12-18"	0.90	
	15	Oregon White Oak	<i>Quercus garryana</i>	BR 12-18"	1.00	
	16	Pacific Crabapple	<i>Malus fusca</i>	BR 13-18"	1.25	
	17	Pacific Dogwood	<i>Cornus nuttallii</i>	BR 6-12"	1.25	
	18	Red Alder	<i>Alnus rubra</i>	BR 6-12"	0.90	
	19	Serviceberry	<i>Amelanchier alnifolia</i>	BR 12-18"	1.25	
	20	White Alder	<i>Alnus rhombifolia</i>	BR 6-12"	1.00	
SHRUBS						
	21	Black Twinberry	<i>Lonicera involucrata</i>	BR 12-18"	1.00	
	22	Elderberry - Blue	<i>Sambucus caerulea</i>	BR 6-12"	1.25	
	23	Indian Plum	<i>Oemleria cerasiformis</i>	BR 12-18"	1.00	
	24	Kinnickinnick	<i>Arctostaphylos uva-ursi</i>	3.5" pot	2.50	
	25	Mockorange	<i>Philadelphus lewisii</i>	BR 6-12"	1.00	
	26	Nootka Rose	<i>Rosa nutkana</i>	BR 6-18"	1.25	
	27	Oceanspray	<i>Holodiscus discolor</i>	BR 6-12"	1.00	
	28	Oregon Grape - Creeping	<i>Mahonia repens</i>	BR 6-12"	0.85	
	29	Pacific Ninebark	<i>Physocarpus capitatus</i>	BR 12-18"	0.90	
	30	Pacific Willow	<i>Salix lasiandra</i>	8" Stake	0.25	
	31	Red Flowering Currant	<i>Ribes sanguineum</i>	BR 12-18"	1.00	
	32	Red Osier Dogwood	<i>Cornus sericea</i>	BR 12-18"	1.00	
	33	Salal	<i>Gaultheria shallon</i>	3.5" pot	2.25	
	34	Salmonberry	<i>Amelanchier alnifolia</i>	BR 6-12"	1.00	
	35	Snowberry	<i>Symphoricarpos albus</i>	BR 12-18"	1.00	
	36	Thimbleberry	<i>Rubus parviflorus</i>	BR 12-18"	1.00	
	37	Vine Maple	<i>Acer circinatum</i>	BR 12-18"	1.00	
	38	Western Spirea	<i>Spiraea douglasii</i>	BR 12-18"	0.90

ORDER INSTRUCTIONS

- 1) Select plants: Use the plant description sheet provided or the online [Plant Sale Catalog](http://www.yamhillswcd.org) at www.yamhillswcd.org.
- 2) Complete your order by one of the following ways: (A or B below) **Order forms are due by Friday, January 29, 2016**
 - A) We encourage you to use our NEW ONLINE Ordering System at www.yamhillswcd.org or

*B) The traditional method, complete this form, then MAIL, EMAIL, FAX or DELIVER:

**If you choose this method, we will confirm your order upon receipt.*

Mail: Yamhill Soil & Water Conservation District
2200 SW 2nd St. McMinnville, OR 97128

Email: orders@yamhillswcd.org or

Fax: 503-472-6407

*** If you do not receive an order confirmation, please call 503-472-6403.**

- 3) We recommend that you PRINT or MAKE A COPY of your order form for your records.
- 4) Order pick up dates and location: *Yamhill Valley Heritage Center, 11275 Durham Lane, McMinnville*
On Hwy 18 at Durham Lane West of McMinnville

NEW LOCATION

PLEASE MARK YOUR CALENDAR!

FEBRUARY 4: 9 am - 6 pm | FEBRUARY 5: 9 am - 6 pm | FEBRUARY 6: 9 am - 3 pm

- 5) **Please pay when you pick up your order.** We accept most CREDIT CARDS, CASH, or CHECKS.

Thank You for Your Order. See You at the Sale!

2016 NATIVE PLANT SALE

Plant Descriptions

LEGEND:

Sunlight Conditions	Special Uses
A - Prefers full sun	1 - Supports pollinators 5 - Timber
B - Can tolerate sun or some shade	2a - Birds / 2b - Hummingbirds 6 - Christmas Trees
C - Prefers shade	3 - Wildlife, forage, cover, food
	4 - Bank stabilization

#	NAME / Scientific Name	Mature Ht.	SUN	SOIL CONDITIONS	SPECIAL USES	NOTES
CONIFEROUS TREES						
1	Coastal Redwood <i>Sequoia sempervirens</i>	200'+	A-B	Moist	3	Can be used in landscape settings if irrigated or roots have access to supplemental water. Found in Southwest Oregon.
2	Douglas Fir <i>Pseudotsuga menziesii</i>	200'+	A	Grows on all but wettest soil	1, 2a, 5, 6	Oregon's state tree can live over 1,000 years. Thick bark enables it to survive moderate fire. Fast growing, great for wind break.
3	Giant Sequoia <i>Sequoiadendron giganteum</i>	200'+	A	Prefers well drained sites	3	Excellent specimen tree. Dense gray-green foliage and reddish brown bark. Northern California native.
4	Grand Fir <i>Abies grandis</i>	150'+	A-C	Moist, seasonally wet	3, 6	Largest true fir, flat needles in two distinct horizontal rows, cones sit upright on branches. Good food and cover for wildlife.
5	Noble Fir <i>Abies procera</i>	150'+	A-B	Prefers deep, rich soils	3, 6	Tall, symmetrical, conical in shape. Young bark smooth with resin blisters, needles are bluish green. Popular Christmas trees.
6	Pacific Yew <i>Taxus brevifolia</i>	20-50'	B-C	Prefers moist soil	2a, 3	Bright fleshy fruit attractive to birds. Foliage is used as winter browse by deer and elk. Notable red-brown scaly bark.
7	Western Hemlock <i>Tsuga heterophylla</i>	50-100'	A-C	Fairly dry to wet sites	2a, 3, 5	Fast growing, adaptable conifer, seedlings prefer to develop under shade. Seeds are an important food source for birds and small mammals.
8	Western Red Cedar <i>Thuja plicata</i>	180'	B	Moist sites	1, 2a, 4, 5	Excellent for wildlife cover, for restoration projects, and as an ornamental. Fragrant wood and foliage. Good for erosion control.
9	W Valley Ponderosa Pine <i>Pinus ponderosa</i>	180'	A	Adaptable – grows on wet and dry sites.	3, 5	Native pine to Willamette Valley. Popular for its straight growth habit that exposes scaled, colored bark with a vanilla fragrance.
DECIDUOUS TREES						
10	Bigleaf Maple <i>Acer macrophyllum</i>	100'	A-B	Well drained soil	1, 2a, 5	Supports mosses, ferns and lichens, provides seeds and habitat for wildlife. Yellow fall color. Excellent shade producer.
11	Black Cottonwood <i>Populus trichocarpa</i>	180'	A	Flood plains	2a, 3, 4, 5	Fast growing with dark gray bark. Important browse for deer and elk. Nesting habitat for large birds.
12	Cascara <i>Rhamnus purshiana</i>	30'	B-C	Wet to fairly dry	1, 3, 4	Erect tall shrub or small tree to 30' with smooth, silver-grey bark. Glossy green leaves, greenish-yellow small flowers, black berries.
13	"Miller Woods" White Oak <i>Quercus garryana</i>	70'	A	Well drained soil	1, 2a, 2b, 5	Acorns from the signature Miller Woods Oak collected by elementary students in the fall of 2012 and planted by Linfield volunteers. Take home a part of the Miller Woods legacy, (limited numbers).
14	Oregon Ash <i>Fraxinus latifolia</i>	75'	A	Wet areas and floodplains	4, 5	Grayish-brown bark and olive green leaves. Good restoration species in poor soils. Abundant seed producer.
15	Oregon White Oak <i>Quercus garryana</i>	70'	A	Well drained soils	1, 2a, 2b, 5	Forms wide spreading branches and is slow growing. Important wildlife species.
16	Pacific Crabapple <i>Malus fusca</i>	36'	A-B	Moist soils	2a	Native apple with fragrant blossoms producing small green to red fruit. Red and yellow fall color.
17	Pacific Dogwood <i>Cornus nuttallii</i>	50'	A-B	Moist to dry, needs drainage	1, 2a, 2b	Orange-red fruit are especially attractive to birds. Large creamy, white showy flower bracts which bloom in spring.
18	Red Alder <i>Alnus rubra</i>	100'	A	Moist soils, wet areas	1, 2a, 2b, 5	Good species to plant along streams to provide shade and erosion control. Brownish catkins in the spring.
19	Serviceberry <i>Amelanchier alnifolia</i>	30'	A-C	Moist well drained soil	1, 2a, 3, 4	Easy to grow small tree/large shrub that forms thickets. White flowers and bluish black berries which birds feed upon.
20	White Alder <i>Alnus rhombifolia</i>	40-60'	A	Moist soils, wet areas	1, 2a, 2b, 4, 5	Quick growing, lives only up to 100 yrs. Prefers moist areas and stream banks. Like red alder, it also has a symbiotic relationship with nitrogen fixing bacteria. Great for stabilizing banks.
SHRUBS						
21	Black Twinberry <i>Lonicera involucrata</i>	10'	A-B	Moist soil	1, 2a, 2b, 4	Glossy dark green foliage, yellow "twin" flowers that develop into dark colored fruit inside red bracts. Birds love the berries. Not considered palatable for humans.
22	Elderberry - Blue <i>Sambucus caerulea</i>	12'	A-C	Prefers well drained soils	1, 2a, 2b	Fast growing handsome shrub. Excellent food and cover species. White flower clusters produce edible berries.
23	Indian Plum <i>Oemleria cerasiformis</i>	16'	A-B	Dry to moist soil	1, 2a, 2b	One of the first plants to bloom (Jan or Feb). White flowers yield small purple edible plums. Highly sought by birds.
24	Kinnikinnick <i>Arctostaphylos uva-ursi</i>	6"	A-B	Prefers well drained soils.	2a, 3, 4	Attractive groundcover usually less than 12" tall with dark green leaves and red, edible, but tasteless berries.
25	Mockorange <i>Philadelphus lewisii</i>	12'	A-B	Adapted to all but wet soil.	1, 2a, 2b	Clusters of aromatic white flowers at branch ends that attract bees and butterflies in late spring to mid-summer. Erosion control.
26	Nootka Rose <i>Rosa nutkana</i>	6'	A	Dry, well drained sites	1, 2a, 2b	Forms dense clumps with large pink flowers. Fruit eaten by birds and small mammals. Browse for deer and elk. Very hardy.

SHRUBS						
27	Oceanspray <i>Holodiscus discolor</i>	12'	A-C	Dry to moist site	1, 2a	Multi-stemmed adaptable shrub with persistent frothy white blooms that attract pollinators and provide good cover for birds.
28	Oregon Grape - Creeping <i>Mahonia repens</i>	10-14"	A-C	Dry to fairly moist	1, 2a, 2b, 3	Attractive foliage ground cover in the shade, Fruit eaten by birds, wildlife and Yellow flowers beneficial to Native Bees.
29	Pacific Ninebark <i>Physocarpus capitatus</i>	10'	A-C	Moist soils along wetlands	2a	Large spreading, attractive shrub with rounded clusters of white flowers. Maple like leaves, thin shredded bark.
30	Pacific Willow <i>Salix lasiandra</i>	20'	A	Moist or wet	3, 4	Native willow useful for planting in wet areas along riverbanks, floodplains, streams, and ponds.
31	Red Flowering Currant <i>Ribes sanguineum</i>	10'	A-B	Best on well drained soils	1, 2a, 2b	Beautiful ornamental shrub with white, pink, to deep red flowers that attract butterflies and hummingbirds.
32	Red Osier Dogwood <i>Cornus sericea</i>	12'	A-C	Moist soils along wetlands	1, 2a, 2b 3, 4	Attractive red stems with white flower clusters that develop into waxy white berries. Fast growing.
33	Salal <i>Gaultheria shallon</i>	3'	A-C	Well drained soils	1, 2a	Dark green, lustrous leaves, white or pink flowers after establishment. Good forest understory species.
34	Salmonberry <i>Rubus spectabilis</i>	12'	A-B	Moist to wet soils	1, 2a, 2b,3	Erect, largely unarmed shrub often forming dense thickets. Golden-brown shredding bark. Pink to reddish flowers produce yellow to reddish edible fruits.
35	Snowberry <i>Symphoricarpos albus</i>	6'	A-B	Grows on dry to moist sites	1, 2a, 2b	Adaptable shrub having attractive foliage and clusters of waxy white berries that persist through winter.
36	Thimbleberry <i>Rubus parviflorus</i>	4-6'	A-C	Moist soils but tolerates dry	1, 2a, 3	Thornless stems, simple leaves 4-8", grows well on disturbed sites. White flowers followed by bright red tart berries. Upright shrub with multiple stems with distinct bark that peels in tiny fragments.
37	Vine Maple <i>Acer circinatum</i>	25'	A-C	Moist soils	1, 2a, 2b	Attractive fall colors. Suitable for shade, ornamental, or forest under-story plant.
38	Western Spirea <i>Spiraea douglassi</i>	3-6'	A-B	Wet to moist soils	1	Erect leggy shrub producing pinkish purple flower blooms during July. Attractive ornamental. Great for pollinators.

UNDERSTORY

39	Bleeding Heart <i>Dicentra formosa</i>	Fern like perennial (1ft. tall) with pinkish-purple heart shaped flowers forming clusters. Prefers moist, shady conditions in forests or along streams or among other garden plants.				
40	Blue Eyed Grass <i>Sisyrinchium bellum</i>	Perennial growing 12" tall and 12" wide. Grows in sun to part shade. Thrives in moist to wet soils, easy to grow. Blue blossoms spring to summer on grass like foliage. Supports pollinators and beneficial insects. Pairs well with other natives in a border and is a good addition to seasonally wet areas.				
41	Coastal Strawberry <i>Fragaria chiloensis</i>	Evergreen perennial, 4" tall 3' wide. White flowers spring to summer; edible fruit for wildlife, spreads vigorously by runners & is easy to remove or divide for propagation. Prefers sun to part shade, well drained soils & supports birds and beneficial insects. Great ground cover.				
42	Goldenrod <i>Solidago canadensis</i>	Full sun, dry to moist soil are requirements for this late summer bloomer. 2 to 5' tall by 3', foliage gives way to clusters of showy yellow flowers utilized by beneficial insects, butterflies, birds, and other pollinators. Found naturally in moist meadows, open woods & roadsides. A great addition to a garden,				
43	Great Camas <i>Camassia leichtlinii</i>	Nectar plant for Anise swallowtail and silvery blue butterflies. Often used by Fenders blue butterfly as a perch. In the lily family, produces blue spiked flowers and grass-like leaves. Shade and drought tolerant. Bulbs were valuable food source for Native American tribes.				
44	Hall's Aster <i>Aster chilensis ssp. hallii</i>	Grows 2 to 3' tall, with white blooms late summer to early fall. Prefers full sun, drought tolerant, upland prairie plant, can be found in wet prairies. Threatened species in Washington State, key plant for restoration sites as a late-season pollinator resource, great for butterflies.				
45	Oregon Iris <i>Iris tenax</i>	Perennial herb that resembles commercial iris varieties. Grows in clumps with purple to blue flowers. Foliage makes a nice border. Tolerates a range of soil conditions. Sun to part shade.				
46	Oregon Stonecrop <i>Sedum oregonum</i>	Easy to grow creeping groundcover which does well in hot, dry sites with poor soil. Evergreen tiny jade like leaves with yellow starry flowers in summer. Excellent for pollinators, especially native bees.				
47	Red Columbine <i>Aquilegia formosa</i>	Erect perennial herb (to 3') with soft foliage and ornate drooping red to yellow flowers. Likes moist, open to partially shaded sites in the forest or in flower beds.				
48	Showy Milkweed <i>Asclepias speciosa</i>	High nectar value to pollinator species. Larval host to Monarch butterfly. Can grow up to 5 feet tall and historically used for fiber. Has scented pinkish flowers early summer and soft grayish leaves. Sap is slightly toxic to livestock and humans.				
49	Tiger Lily <i>Lilium columbianum</i>	Charming lily produces hairless flowering stems 3 to 4' tall revealing one to 20 drooping orange flowers on long pedicels in late spring and summer. Grows in full sun to part shade, moist soil with good organic content. Good in the woodland garden setting, grows naturally in meadows, thickets and open woods. Great for hummingbirds.				
50	Yellow Wood Violet <i>Viola glabella</i>	Grows 4 to 9" tall and 12" wide, easy to grow in part to full shade, moist to wet soils. Flowers are yellow on both sides with lower petals containing dark purplish penciling at the base, and bloom in the spring and summer. Good for moist woodland gardens.				

OTHER PRODUCTS (These items will be available for purchase at the sale)

Tree Protector Mesh	Deer browsing can make plant establishment difficult in many areas. Rigid, biodegradable (2 – 3 years), mesh tubes that help minimize deer damage. Each 24" rigid mesh tube comes with a 3 foot bamboo stake.
Assorted Potted Plants	Available- First Come – First Serve Basis: Blue Camas, Cascara, Creeping Spikerush, Grand Fir, Large fern, Madrone, Mules Ear Nodding Onion, Red Huckleberry, Slender Cinquefoil, and many other unique species.

NEW THIS YEAR:

For more plant information visit the district's **new online ordering system** which features detailed information and photos for all plants, trees and shrubs. Visit www.yamhillswcd.org and see the **Native Plant Sale Catalog** and order online.

The **2016 Native Plant Sale** will be located at the **Yamhill Valley Heritage Center** at 11275 Durham Lane, West of McMinnville just off Hwy 18. **See you at the sale in February!**
