Yamhill Watershed (Cozine Creek & West Fork Palmer Creek)
Pesticides of Concern Rankings (High, Medium, Low)
Data from 2018, 2019, 2020

Yamhill PSP Reference Level Criteria (2018-2020)

Frequency of Detection in % Last 3 Years	≥ 1 detection at or above 50% of an acute ALB	≥ 3 detections at or above 50% of a chronic ALB	1 to 2 detections at or above 50% of a chronic ALB	No detections over 50% of any ALB
100 to 65.1	**High Level of Concern** Diuron	**High Level of Concern**	**High Level of Concern**	**Moderate Level of Concern** AMPA, 2,6-Dichlorobenzamide, Deisppropylatrazine, Glyphosate, Simazine
65 to 35.1	**High Level of Concern** Imidacloprid	**High Level of Concern** Metolachlor	**Moderate Level of Concern**	**Moderate Level of Concern** Azoxystrobin, Metribuzin, Propiconazole
35 to 0	**High Level of Concern** Atrazine, Bifenthrin, Chlorothalonil, Chlorpyrifos, Diazinon, Malathion, Metsulfuron-methyl, Oxyfluorfen, Sulfometuron methyl	**High Level of Concern**	**Moderate Level of Concern** Ethoprop	**Low Level of Concern** See List Below

List of Pesticides of Low Concern (green box above):

2-Chloro-4-isopropylamino-6-amino-s-trazine		
2,4-D	Acephate	Acetamiprid
Carbaryl	DEET	Dicamba
Dichlobenil	Dimethenamid-p	Dimethoate
EPTC	Imazapyr	Linuron
Metribuzin	Norflurazon	Pendimethalin
Pronamide	Propazine	Pyraclostrobin
Slivex	Tebuthiuron	Triclopyr
Trifluralin
